Chromebook touchpad tips

Move the pointer: Move your finger across the touchpad.

Click: Press the lower half of the touchpad. You can also tap the touchpad to click.

Right-click: Press the touchpad with two fingers, or hold down the Alt key while clicking with one finger.

Drag and drop: With one finger, click the item you want to move. With a second finger, move the item. Release both fingers to drop the item at its new location.

Scroll: Place two fingers on the touchpad and move them up and down to scroll vertically, or left and right to scroll horizontally.

Go back or forward: Quickly move two fingers left or right to go back or forward on web pages or while using apps.

See all open windows: Swipe down with three fingers.
